A sleek, modern black tripod stand with two horizontal bars, designed for holding a tablet or small monitor. The stand features a central vertical pole with two horizontal bars attached, each with multiple adjustment slots. The base consists of three legs that splay outwards, providing a stable tripod structure. The entire unit is finished in a matte black.

PRODUCT DIMENSION

A black metal frame, likely for a chair or a stand. It features a rectangular upper section with two vertical posts and two horizontal bars. Two vertical brackets are attached to the horizontal bars. The base consists of two angled legs extending downwards from the corners of the rectangular section.
